I don't wanna cry  
If I must leave you  
I sure will die  
You, my love is true  
If you don't want me  
Want can I do

You say you'll leave me  
I don't believe  
One single word that you say  
I never stand it, to see you leave  
Would mean a hell to me each day

Don't, please baby don't  
Don't ever leave me  
Cause I love you all too much

SOLO

You say you'll leave me  
I don't believe  
One single word that you say  
I never stand it, to see you leave  
Would mean a hell to me each day

Don't, please baby don't  
Don't ever leave me  
Cause I love you all too much  
Cause I love you all too much  
Yes I love you all too much
