Love, love, love's on the run
Love, love, love's on the run
Love, love, love's on the run
Love, love, love's on the run

Love you babe oh-ohh want you babe
I can't understand our dreams and plans have slipped
away
Want you babe oh-ohh need you babe
I can see that all the love you gave suddenly has gone
away

Love is on the run
Don't know where it's gone
I just know it baby love is on the run
Love, love, love's on the run

Love is on the run
Don't know what I love
Cause the tender love you used to give
Suddenly is on the leave

Help me girl oh-ohh save me girl
It is you I want no one else in the world
Help me girl oh-ohh save me girl
I can't stand to see a love so sweet that suddenly is
leaving me

(solo)

Love is on the run
Don't know what I love
I just know it baby love is on the run
Love, love, love's on the run

Love is on the run
Don't know where it's gone
Cause the tender love you used to give
