I've been calling on that number all day long please
don't put me down one more time

Tell me, Operator, is there someone there who's
holding the line?
If I don't get through to my girl right now I'm gonna
lose my mind

I've been calling all day, but she just seems to hung up
on the phone
Is she talking to some other guy or is there something
that is for wrong?

I will soon be out of dimes, so if you don't get this call
get along!

Operator, give me 019-804446
Operator, give me 019-804446
If I don't get through this time I think I'm going out of
my mind

Listen operator, won't you hurry up, I'm all up and down
if she is up to something then I bet I'll be the top of the
town

Listen operator, don't you see my heart is nearly as
dead
I've been calling for six hours and I think I'm going out
of my head

But your voice sounds so nice,
so if you don't get through I can take you instead.

Operator, give me 019-804446
Operator, give me 019-804446
If I don't get through this time I think I'm going out of
my mind

(Solo)

Operator, give me 019-804446

Operator, give me 019-804446

If I don't get through this time I think I'm going out of
my mind

If I don't get through this time I think I'm going out of
my mind

If I don't get through this time I think I'm going out of
my mind
