Rolling down the highway in my Cadillac
Rolling down the highway, going down the track
Gonna see my baby, gonna have some fun
Rolling down the highway in the setting sun

Tonight I'm gonna dance
I'm gonna see my baby and I'll take my chance
Tonight I'll have so fun
Rolling down the highway, going in the setting sun
Rolling down the highway, going in the setting sun

I've been working oh so hard now every day
Now my job is done and I just fade away
Leave the town and now I'm going for a ride
To see my baby somewhere on the countryside

Rolling down the highway in my Cadillac
Rolling down the highway, going down the track
Gonna see my baby, gonna have some fun
Rolling down the highway in the setting sun

Tonight I'm gonna dance
I'm gonna see my baby and I'll take my chance
Tonight I'll have so fun
Rolling down the highway, going in the setting sun
Rolling down the highway, going in the setting sun

(Solo)

Tonight I'm gonna dance
I'm gonna see my baby and I'll take my chance
Tonight I'll have so fun
Rolling down the highway, going in the setting sun
Rolling down the highway, going in the setting sun
Rolling down the highway, going in the setting sun
Rolling down the highway, going in the setting sun

Rolling down the highway, rolling down the highway
Rolling down the highway
