Silver wheels, bringin' me home  
Silver wheels, lettin' me roll  
Going back, to or today  
Silver wheels, rollin away

Never thought that i had somewhere to go  
When i was on the road  
Always ridin' on my own was my destiny  
Solitude was all i ever did know  
Felt like carin' a load  
Suddenly there's someone waitin' at home for me

Silver wheels, carin' me far  
All the way, to where we are  
Many roads, that i have rolled'  
Silver wheels, takin' me home

Never thought that i had somewhere to go  
When i was on the road  
Always ridin' on my own was my destiny  
Solitude was all i ever did know  
Felt like carin' a load  
Suddenly there's someone waitin' at home for me

Silver wheels, carin' me far  
All the way, to where we are  
Many roads that i have rolled'  
Silver wheels taking me home  
Silver wheels rollin' away  
Silver wheels makin' my day
