Oh, whoa, now, can't believe it, I love you, heaven...  
Love can knock you out when it first hits you  
Listen, I tell ya, you can't really stop it when it starts  
You try it...Boy, it's great to have someone to talk to  
Someone who can listen from the heart  
Oh, you're like the calm before the storm  
Yeah, you're like the sunlight breaking dawn  
You can take the cold and make it warm  
I wrote you this song, now, I wrote it for her  
I wrote it for love, I called it your song  
Now I've got somebody to hold onto  
Love was always something out of reach  
Yes, a rebel(?)...She appreciates the things that I do  
Oh no...Now I've got something I'm going to keep  
Oh, you're like the calm before the storm  
Yeah, you're like the sunlight breaking dawn  
You can take the cold and make it warm  
I wrote you this song, wonder why we never chatter  
Some sweets on the peace  
Like the moonlight through the trees  
Gets me everything I need  
So I wrote you this song, I wrote it for her  
I wrote it for love, yes, I called it your song, oh  
I want the world to know  
I love you, I love you, I love you, I do, yeah  
Oh right now, can't get enough, can't get enough  
Oh, you're like the calm before the storm  
Yeah, you're like the sunlight breaking dawn  
You can take the cold and make it warm  
I wrote you this song, wonder why we never chatter  
Calm before the storm, like the sunlight now breaking  
dawn  
Take the cold to give, it gets so warm  
I wrote you this song, now, I wrote it for her  
I wrote it for love, I called it your song
