Doesn't anybody know oh how to walk anymore
Doesn't anybody know oh what a radio's for
Doesn't anybody wear their hair down low
Doesn't anybody know, doesn't anybody know

Doesn't anybody hate it when a street light turns red
Doesn't anybody want five more minutes in bed
Doesn't anybody, doesn't anybody have a letter to
send
Doesn't anybody wish they had just one more friend

Cause everybody wants and everybody needs
and everybody asks for one more piece
Everybody wants to hear someone say please
Cause everybody takes and everybody steals
everybody cries when something feels
Everybody's looking for the drug that heals

Doesn't anybody want to take another shot at me
Go ahead the gun is loaded and the bullets are free
Doesn't anybody spray perfume to cover up a smell
Doesn't anybody know where to go to get some help

Cause everybody wants, every body needs
everybody begs for self esteem
Why don't you get your mind out of the past
And everybody takes and everybody steals
everybody's been kicked by other kills
Please raise your hands up in the air!

In the air
Why don't you raise your hands up in the air?
Why don't you raise your(raise your) raise your(raise
your) raise your hands in the air?
Why don't you raise your hands up in the air?
Cause everybody wants

Doesn't anybody know oh how to walk any more
Doesn't anybody know oh what a radio's for
Doesn't anybody wear their hair down low
Doesn't anybody know, doesn't anybody know

Cause everybody wants
