Baby Iâ€™m a-want you, baby Iâ€™m a-need you
Youâ€™re the only one I care enough to hurt about
Maybe Iâ€™m a-crazy but I just canâ€™t live without

Your loving and affection giving me direction
Like a guiding light you helped me through my darkest
hour
And lately Iâ€™m a-praying that youâ€™ll always be a-
staying beside me

It used to be my life was just emotions passing by
Feeling all the time but never really knowing why

Baby Iâ€™m a-want you, baby Iâ€™m a-need you
Youâ€™re the only one I care enough to hurt about
Maybe Iâ€™m crazy but I just canâ€™t live without

Your loving and affection giving me direction
Like a guiding light you helped me through my darkest
hour
And lately Iâ€™m praying that youâ€™ll always be a-staying
beside me

Baby Iâ€™m a-want you beside me
Ooh, baby Iâ€™m a-want you

Lately Iâ€™m praying that youâ€™ll always be a-staying
beside me

It used to be my life was just emotions passing by
Feeling all the time but never really knowing why
You taught me why

Baby Iâ€™m a-want you, baby Iâ€™m a-need you
Well it took so long to find you, baby
Baby Iâ€™m a-want you, baby Iâ€™m a-need you
Well it took so long to find you, baby
Baby Iâ€™m a-want you, baby Iâ€™m a-need you
Well it took so long to find you, baby
Baby Iâ€™m a-want you, baby Iâ€™m a-need you
