I was heading home I hadn't planned on you
I shouldn't be here now but tell me what can I do
The way you're looking in my eyes
Well I'm beginning to realize it's true, it's you

And baby we've gone too far
I'm gonna wake in your arms
Gone too far
But I can't help it I'm falling

The way you look at me
The way I look at you
The way you're touching me
The way I'm touching you

You're pulling all the right strings baby
You're saying all the right things baby to me, to me

And don't you know we've gone too far
Feels too good to turn back
Gone too far
But I can't help it I'm falling

You're pulling all the right strings baby
You're saying all the right things baby to me, to me

And don't you know we've
I'm gonna wake in your arms
Gone too far
But I can't help it I'm falling

Gone too far
Feels too good to turn back
Gone too far
But I can't help it I'm falling
