We shouldn't be together tonight

But here we are

I shouldn't taste the thrill of your kiss
Here in the dark

Cuz were not free to be this free or go this far

Chorus x1

Chorus:

Hearts on Fire burnin for each other

Goin down in flames

Somewhere in the night

Stealin love again when we're together
It's too late now... we can't put it out... hearts on fire

V2

You shouldn't feel this good in my arms... but you do
I shouldn't whisper these things in your ear... but
There true

So wrong or right... I'll stay tonight with you

Chorus x1
