Eddie Rabbitt & Crystal Gayle

There was never a doubt in my heart
Never a doubt in my mind
Though we were miles apart
You were with me all the time

Through it all I always had faith
Always believed that some day
If Iâ€™d be patient and wait
I was sure Iâ€™d find this road Iâ€™m travelling down
Would lead to you somehow

I made a promise to myself
And a promise to you
I made a promise to myself
That Iâ€™d make it come true
Oh, I didnâ€™t know just where or when
I only knew how it would end
I made a promise weâ€™d be together again

There were times I felt so alone
Felt that I couldnâ€™t go on
But those sweet memories of you
And all that we knew kept me going
Helped to make me strong

I made a promise to myself
And a promise to you
I made a promise to myself
Gonna make it come true
Oh, I didnâ€™t know just where or when
I only knew that in the end
I made a promise weâ€™d be together

Sometimes the road that twists and turns
And winds and bends, in the end
Is the road that leads you home
Youâ€™re not out there on your own

I made a promise to myself
And a promise to you

I made a promise to myself
And we made it come true
I didn't know just where or when
I only knew how it would end
I made a promise and now I'm with you
I made a promise, oh how I missed you
Now we'll always be together again
Again
