Once in awhile will you try
To give one little thought to me?
Though someone else
May be nearer to your heart

Will you dream of the moments
I shared with you?
Before we drifted apart
Once in a while

In love's smoldering embers
One spark may remain
If love still can remember
The spark may burn again

Oh, I know that I'll be contented
With yesterday's memory
Oh, knowing you think of me
Once in a while

In love's smoldering embers
One spark may remain
If love still can remember
The spark may burn again

Oh, I know that I'll be contented
With yesterday's memory
Knowing you think of me
Once in a while
