(Alfred Bryan - Edward Lisbona)

Prayer is a song we all can sing
A light that the blind can see
Prayer is a gift the poor can bring
However poor they'd be.

Prayer is a star that lights the way
For those who are in despair
And when your heart kneels down to pray
God will hear your prayer.

Prayer is a song we all can sing
A light that the blind can see
Prayer is a gift the poor can bring
However poor they'd be.

Prayer is a star that lights the way
For those who are in despair
And when your heart kneels down to pray
God will hear your prayer...
