(Frank Loesser)

I wish I didn't love you so
My love for you should have faded long ago
I wish I didn't need your kiss
Why'd must your kiss torture me as long as this.

I might be smiling I know with some new tender friend
Smiling I know with my heart on the mend
But when I try something in that heart says no
You're still there I wish I didn't love you so.

--- Instrumental ---

But when I try something in that heart says no
You're still there I wish I didn't love you so...
