IF IT'S ALL RIGHT WITH YOU

(Kenny O'Dell - Larry Henley)

© '71 House Of Gold Music

If it's all right with you I'd like to stay here and love you
And hold you at least until the daylight comes
And if it's all right with you I'd like to think that when
tomorrow comes
It'll be way too soon if it's all right with you
If it's all right with you I think I'll love you
If it's all right with you I think I'll love you
When the morning sun arrives then we'll decide if I
should stay or go
If it's all right with you we won't think about tomorrow
Or yesterday tonight could be a lifetime
And if it's all right with you I'll dim the light and close
the world away
Oh I really wanna stay if it's all right with you
If it's all right with you...
