I'll love you more than you need should you need it
Too much love never gets in the way

I'll love you and want to spend my life with you
And I believe your love for me is complete
But if along the way you should stumble
We'll have more than we need to get us through

I'll love you more than you need should you need it
To help you up should you fall along the way
I'll love you more than you need should you need it
Too much love never gets in the way
Too much love never gets in the way
