You say we've reached the hour of parting
You say our dream of love is gone
But I could never live without you
Please don't leave me all alone

I'll never let you go little darling
I'm sorry that I made you cry
I'll never let you go cause I love you
So please don't try to say goodbye

(Instrumental)

The star would tumble down beside me
That old moon would hang its head and cry
My arms would never hold another
If you should ever say goodbye

I'll never let you go little darling
I'm sorry that I made you cry
I'll never let you go cause I love you
So please don't try to say goodbye
