It's my pleasure just to please you
It's my pleasure and I'm glad to
If you let me make you happy it's my pleasure

It's so easy to adore you every moment living for you
When your sweet lips smile to greet me it's my
pleasure

Every little thing I'd do for you it only pleases me when
it pleases you
Just to see the smile upon your face only makes me
love you more

It's my pleasure to be near you it's my pleasure when I
hear you
Say you'll always want me near you for it's my pleasure

It's my pleasure just to please you...
