Everybody talks about a new world in the morning  
A new world in the morning so they say  
I myself don't talk about a new world in the morning  
A new world in the morning that's today

And I can feel a new tomorrow coming on  
And I don't know why I have to make a song  
Everybody talks a bout a new world in the morning  
New world in the morning takes so long

I met a man who had a dream he had since he was  
twenty  
I met that man when he was eighty-one  
He said too many folks just stand and wait up till the  
morning  
Don't they know tomorrow never comes

And he would feel a new tomorrow coming on  
And when he'd smile his eyes would twinkle up in fun  
Everybody talks about a new world in the morning  
New world in the morning never comes
