Oh she brings the April breezes and the orchids of my
life
Mhm she fills the quiet hours with the glow
And the dreams unrealized on tickle smile from her lips
And everytime I look at her I know that tender is her
name
Tender is her name

She takes the time to touch my shoulder what I needed
most
And she senses when I need to be alone
I know somehow she'll be here when the rest of it is
gone
And when she comes to me at night I know that tender
is her name
Tender is her name
No words so soft no needs fulfill the way she looks at
me
I can't believe this life of ours will always always be
And Tender is her name Tender is her name
Tender is her name Tender is her name
