Chorus:

Now I've got melodies that never leave  
They linger on my mind  
Dreams that always do come true  
Especially late at night  
Happiness that grows and grows  
And fills me through and through  
That's what I get for loving you.

That's what I get for giving in  
A lifetime of love that never seems to end  
I almost feels guilty for I've got it so good  
You can make me feel like I never thought I could.

Chorus:

Now I've got melodies that never leave  
They linger on my mind  
Dreams that always do come true  
Especially late at night  
Happiness that grows and grows  
And fills me through and through  
That's what I get for loving you.

That's what I get for holding you tight  
Beautiful feelings way down deep inside  
Friends ???? but my heart wouldn't listen  
I just took one look at you and I saw what I've been  
missing.

Chorus:

Now I've got melodies that never leave  
They linger on my mind  
Dreams that always do come true  
Especially late at night  
Happiness that grows and grows  
And fills me through and through  
That's what I get for loving you.

Chorus:

Now I've got melodies that never leave  
They linger on my mind

Dreams that always do come true  
Especially late at night  
Happiness that grows and grows  
And fills me through and through  
That's what I get for loving you...
