They just don't make love  
Like they used to  
Based on a heart  
So warm and true

(CHORUS)

It seems to fall apart  
No matter what we do  
They just don't make love  
Like they used to

Love just don't hold on  
Like it used to  
It dies before it's  
Halfway through

(CHORUS)

I remember  
When I loved you  
Meant all the world

(CHORUS)

I remember  
When I loved you  
Meant all the world

I remember  
When I loved you  
Meant all the world

They just don't make love  
Like they used to...
