"To Life"

Life, you have been good to me
Life, have you chosen me
To give your blessings too?

Life, you served your finest wine
I drank it down to find
My glass was always full

Life, sometimes you made me sad
Although I always had the very best
A friendship, love and happiness

Tonight I raise my glass to you
I hope that I've been true
To life

And yes, you served your finest wine
I drank it down to find
My glass was always full

Life, sometimes you made me sad
Although I always had the very best
A friendship, love and happiness

And now it's all been said and done
I dedicate this song
To life
