Go ahead with what you're doing, you don't have to  
pay me any mind  
Don't think I won't get to it, I got plans for her tonight  
You can watch her dance forever, you won't hold her  
in your arms tonight  
When it's all said and done, I will be the one to hold  
her tight

So let her shine, shine, shine  
Sit back and let that little girl shine, shine, shine  
When the night is over she'll be mine, mine, mine  
Sit back and let that little girl shine

She's like a brand new penny, even though she never  
had a dime  
See her sparkle see her glisten, no one holds a candle  
when she shines  
She turns a mile a minute, see her twirl just like  
spinning top  
But one thing that you'll find, it's me who's on her  
mind when the music stops

So let her shine, shine, shine  
Sit back and let that little girl shine, shine, shine  
When the night is over she'll be mine, mine, mine  
Sit back and let that little girl shine

You can watch her dance forever, you won't hold her  
in your arms tonight  
When it's all said and done, I will be the one to hold  
her tight

So let her shine, shine, shine  
Sit back and let that little girl shine, shine, shine  
When the night is over she'll be mine, mine, mine  
Sit back and let that little girl shine

Let her shine  
Sit back and let that little girl shine, shine, shine  
Sit back and let that little girl shine, shine, shine  
When the night is over she'll be mine, mine, mine  
Sit back and let that little girl shine
