Im filled with aggravation  
filled with anticipation  
for a future that is mine  
im so filled up with hate  
i just cant concentrate  
am i running out of time  
[Chorus:]  
i wanna be a punk  
i wanna be a punk  
i wanna be a punk  
-DON'T YOU  
-FUCK YOU

You tried to sell me out  
thats not what im about  
come and get me if you dare  
you trashed my generation  
brainwashed by television  
images that arent really there

im good for nuthin'  
another washed up has been  
im a dirty piece of scum  
im just a teenage waste  
my brains in outer space  
and im having so much fun
