"Let's Riot"

Pictures falling off the walls
parents scared shit of this youthful call
we're sick and tired of the same old shit
gotta get away before you're hit

[Chorus:]

I'm so bored....let's riot
I'm so fucking bored....let's riot
rebellious young rockers in high school halls
sick of shopping in the fucking malls
hot shit punks breakin' all the rules
gonna make you look like fools.
i'm so sick of watching t.v.
there's nothing new for me to see
kick in teh set, tear down the town
gotta get ready for a brand new sound!
