No use fighting, you ain't gonna win
5 against 1, they got all the guns
you weren't doin' nothing they don't care
fists start swinging, bodies start bleeding

[Chorus:]

police attack you're gonna lose
it don't matter what you do
'cause their badge will fuck you up
police attack you fucking cunts
cops come in take over the town
kids having fun have nowhere to run
get arrested they take you downtown
fists start swinging, bodies start bleeding

[Chorus]
