I picked up the phone and heard her voice  
Is she takin' my time?  
She sounded so cute so innocent  
You always were a sucker  
For the playful kind

Stop, before you tell me a lie  
I don't wanna hear another alibi  
This is where the story will end  
If your love was real  
I wouldn't need to pretend so

Book me on a plane for Paris  
Or on a cruise to a desert isle  
Anywhere but here  
Where love disappeared  
Anywhere but here

I wanna party in New York City  
And climb over the China Wall  
Anywhere but where  
Your love disappeared  
Anywhere but here

I saw you with her on the corner  
Lookin' in each others eyes  
Was it a mistake, my heart would break?  
Or did you ever think about who would cry?

Stop before you say it again  
You never kiss and tell  
With your girlfriend's, girlfriend  
This is where my story begins  
I need a new lover, that's where I'm going

Book me on a plane for Paris  
Or on a cruise to a desert isle  
Anywhere but here  
Where love disappeared  
Anywhere but here

I wanna party in New York City

And climb over the China Wall  
Anywhere but where  
Your love disappeared  
Anywhere but here

As much as I wanted you  
Your love has left me alone  
Now it's all of over  
You disconnected my heart  
When she picked up the phone  
I gotta get myself over you

Stop before you tell me a lie  
I don't wanna hear another alibi  
This is where the story will end  
If your love was real  
I wouldn't need to pretend so

Book me on a plane for Paris  
Or on a cruise to a desert isle  
Anywhere but here  
Where love disappeared  
Anywhere but here

I wanna party in New York City  
And climb over the China Wall  
Anywhere but where  
Your love disappeared  
Anywhere but here

Book me on a plane for Paris  
Or on a cruise to a desert isle  
Anywhere but here  
Where love disappeared  
Anywhere but here

I wanna party in New York City  
And climb over the China Wall  
Anywhere but where  
Your love disappeared  
Anywhere but here
