

Eden's Crush "Poison"

Visit "[Poison](#)" on MotoLyrics.com

you better stop better run away
better listen what i have to say
i'll keep u hangin on the line
with just one kiss i will blow your mind
now desperation makes you feel insane
Fever runnin' high u will never be the same

don't u treat me bad don't u make me sad
our love could be deep as the ocean
if u can't be true i got news for you
just remember that i can be poison.....poison

Some people say that i'm hard to tame
they know that trouble is my middle name
Too dangerous what u want from me
this chemistry in my body
i've got u scared and now your running blind
don't make mad cuz u know i won't be kind

repeat chorus
