When a gentle girl can win  
Prayer from out the lips of sin  
When a child gives up tears  
And the barren almond bears  
When the silent chapel bell  
Sounds the ghostly sinners knell  
Then shall the house be still and  
Peace shall come to canterville

#### 10. the canterville ghost

Time stands still in canterville  
For ages this curse lays upon  
Pass the night walking for four hundred years  
Longing for this liaison

The barren almond once she'd the leaves  
The splendour has crumbled away  
This harm was done and the green-eyed one  
Once it had led him astray

[Pre-chorus]

Here in the absence of light  
Let a willing ear roam  
And far into the night  
A ray of hope will lead you home

[Chorus]

So will you stand beside  
Among those evil-eyed  
Voices will whisper into your ear  
So believe you're immune  
So will you beg and pray  
To leave this endless gray  
Once of his age he was boast  
The canterville ghost

Bathing in tears and swim in delight  
Yearning for feelings long gone  
One sorry sight, one fly by night  
As this girl in her prime came on

But love will be stronger, than life and death  
When cupid's dart has hidden you  
As if by magic the almond will bloom  
The beginning of something new

[Pre-chorus]

[Chorus]

Tears for my sins  
I have no more  
Now pray for me  
I know what for  
Angel will you  
Have mercy now  
And the house shall be still

[Chorus]
