I believe in the secret path
That's hiding from
Our eyes, the night-time skies
Are weavin' a web of haze

Golden shores are so far away
From silver dreams
Arcades cast platinum shades
Way back to the early days

Here the stardust angel spreads his wings
And rides the winds of time
Touched by the moonlight's
Sonant symphony

Color my sky
Forsaken am I
From out of the shadows
There's a light to rely

Unbroken wings
The rising of kings
To a new age we're waiting
For the dawning of springs

I believe in calling
Spirits of the trees
Per chance, we're staying in trance
We summon the coming age

Listening to the tunes of whales
And dolphins here
Our seas, mistreated and squeezed
Will turn into furious rage

Here the stardust angel spreads his wings
And rides the winds of time
Touched by the moonlight's
Sonant symphony

Color my sky
Forsaken am I

From out of the shadows
There's a light to rely

Unbroken wings
The rising of kings
To a new age we're waitin'
For the dawning of springs

Color my sky
Forsaken am I
From out of the shadows
There's a light to rely

Color my sky
Forsaken am I
From out of the shadows
There's a light to rely

Unbroken wings
The rising of kings
To a new age we're waitin'
For the dawning of springs
