The sleeping giant  
Entangled  
Am I  
Ended in deadlock  
Mistreated  
By and by  
So mine a rich seam  
Do as you would be done by

[Chorus:]  
Caught in this here  
The sadness sincere all alone  
I was shaped into form  
Caught in this pain  
In a world inhumane  
You fight what you don t understand  
Jaded am I  
My well ran dry  
On the slope  
Is there no ray of hope  
In the end, torn and swirled  
I feel I'm out of this world

And looking down the ages  
This treasure  
We call liberty  
Boundless dreams have no end  
They just depend  
On your will to be free

[Chorus]
