seems I was sleeping for one thousand years
the wheel of time has turned into the age of tears
how long I am in there I cannot tell for sure
but the flower starts to fade she has to ensure

(chorus)

take me back from beyond the horizon
for a little while
let me feel the idea of a sun dance
I will hold my head up high
just before leaving
like a raindrop in the sun
could I believe that I am one

was it a wonder or a present from above

how should I know if I will ever laugh
but time is unyielding it's never standing still
to control the forces that are breaking down my will

(chorus)

(end-chorus)

take me back from beyond the horizon
for a little while
let me feel the idea of a sun dance
I will hold my head up high
just before leaving
like a raindrop in the sun
could I believe that I am
could I believe that I am one
