twilight has fallen  
so deep like a hurricane's eye  
the empire's predictions  
came falling from the sky

the voices keep calling  
they're speaking of fate to be sealed  
the riddles and rhymes  
of existence keep concealed

(pre-chorus)  
the shrine to behold  
and not their hearts unfold  
for a lifetime  
faithfully following leaders they adore

(chorus)  
and in their sleep their last dreams fade away  
the whisper of the ages coming by to stay  
to dream those dreams away

gone by forevermore  
into the never they are leaving  
whispers lead astray  
to dream those dreams away

the symbols of power  
are melting the ice we are in  
the elegies written in candlelight begin

the dices are rolling  
into a direction unknown  
the gods they are fearing  
have come to take the throne

(pre-chorus)  
the phoenix will rise  
tearing off his disguise  
he is flying  
into the sun of a million dreams away

(chorus)

(chorus)
