The dewdrop of dawn  
Are glaring in morningly light  
The silver clouds gone  
The Indian summer so bright

I hear the piper so nigh  
The westerly wind brings his tone  
The treetops so far in the sky  
I follow those traces unknown

Over the valleys I ride  
(And over the [Incomprehensible])  
The wild chase a-glow  
'Cause my restless heart's in a constant flow

The bliss of the moment in me  
(The bliss of the time)  
It is like ambrosia  
A dove like temptations for me  
The wild chase is my endless symphony

Gathering force every time  
When sylvan deities smile  
Time seems to be out of joint suddenly  
And I want to roam for a while

Wild chase, this trace  
It's calling me  
Your grace, embrace  
A raving beauty

Wild chase, this trace  
It's calling me  
Your grace, embrace  
A raving beauty

Over the valleys I ride  
(And over the [Incomprehensible])  
The wild chase a-glow  
'Cause my restless heart's in a constant flow

The bliss of the moment in me

(The bliss of the time)  
It is like ambrosia  
A dove like temptations for me  
The wild chase is my endless symphony

And over the valleys I ride  
(And over the [Incomprehensible])  
The wild chase a-glow  
'Cause my restless heart's in a constant flow

The bliss of the moment in me  
(The bliss of the time)  
It is like ambrosia  
A dove like temptations for me  
The wild chase is my endless symphony
