The less I know is more  
But I already know  
Too much and now I'm held  
Inside a tortured face  
But she didn't really care  
And she was one of them  
I guess that's why she left  
But now it's me that's scared

(They'll take away)  
They'll take it all  
(When the walls come crashing down)  
They'll take my face  
(When the walls come crashing down)  
They'll take it all away  
(They'll take what's left of me)  
They'll take my faith  
(When the walls come crashing down)

Now I've kind of changed  
I guess I need some help  
Cause everywhere I go  
That place is bugged, I fear  
I hear them in the back  
And they're fighting the medicine  
The only me I know  
Is the me they built in me

(They'll take away)  
They take take it all  
(When the walls come crashing down)  
They'll take my face  
(When the walls come crashing down)  
They'll take it all away  
(They'll take what's left of me)  
They'll take my faith  
(When the walls come crashing down)

Just some time ago  
Well I was just fine  
The powers that be  
Were all on my side

But I sure don't belong  
And I'm all by myself  
And I'm the one who knows  
Our lives have disappeared

They'll take it all  
(When the walls come crashing down)  
They'll take my face  
(When the walls come crashing down)  
They'll take it all away  
(They'll take what's left of me)  
They'll take my faith

They'll take it all  
(When the walls come crashing down)  
They'll take my face  
(When the walls come crashing down)  
They'll take it all away  
(They'll take what's left of me)  
They'll take my faith  
(When the walls come crashing down)
