I can't believe you're just flesh and blood  
You look too good, better knock on wood  
I get flashes of E-lectricity  
Every time you get next to me

My knees are shakin' and my head's in a spin  
You knocked me out, a perfect 10  
Like a contender in the main event  
I took one look and honey down I went

The temperature is buildin'  
Temperature is buildin'  
Temperature is buildin'  
Temperature is buildin'  
To a fever pitch

Buildin' to a fever (PITCH)  
The temperature is buildin'  
Buildin' to a fever (PITCH)

Went to my doctor, he just shook his head  
He said son you better get yourself to bed  
I said doc that's just what I had in mind  
Your diagnosis is the best I could find

He said boy you've really got it bad  
Looks like the worst case I've ever had  
You're sufferin' badly from romantic fever  
Go out and find that girl and don't ever leave'er

The temperature is buildin'  
The temperature is buildin'  
Temperature is buildin'  
Temperature is buildin'  
To a fever pitch

Temperature is buildin' to a fever (PITCH)  
Temperature is buildin'  
Buildin' to a fever (PITCH)

(solo)

This pain is more than any man can endure  
You are the cause girl and you got the cure  
I'm at the crisis so I turn to you  
I need a miracle to pull me through

The temperature is buildin'  
My temperature is buildin'  
Temperature is buildin'  
Temperature is buildin'  
To a fever pitch

Buildin' to a fever (PITCH)  
The temperature is buildin' to a fever  
Buildin' to a fever (PITCH)

Buildin' buildin' buildin' buildin'  
Buildin' buildin' buildin' buildin'  
Buildin' to a fever (PITCH) etc.
