Give me just a second.  
I'll find something to say.  
Had I just a minute I'd have made the great escape.  
What could he do?  
What could he do whe she said  
"I want, I want you."

What'll it take for you to surrender?  
I gave you a taste. Oh how you've grown.  
This great trial, this self denial  
It's a trial to leave you clean cuz I like it dark and low,  
You know."

Rare blind recognition rushed in with a breath.  
Turn to salutation.  
Slyly, she said "haven't we met?"  
Let our history repeat itself one too many times  
For every time we return to our scene  
It seems less like a crime.  
What could I do?  
What could I do when she said,  
"I want, I want you."

What'll it take for you to surrender?  
I gave you a taste. Oh how you've grown.  
This great trial, this self denial  
It's a trial to leave you clean cuz I like it dark and low,  
You know."

Cuz I like it  
Cuz I like it  
Cuz I like it  
Cuz I...

"What'll it take for you to surrender?"  
Surrender  
"What'll it take for you to surrender?"

"What'll it take for you to surrender?  
I gave you a taste. Oh how you've grown.  
This great trial, this self denial  
It's a trial to leave you clean cuz I like it dark and low,

"You know"  
"You know"  
"You know"
