Blaque. bliss. wha what wha what

Somethings on your mind
Cus you don't seem happy
Know a place where there's no misery
You don't have to worry ohh
Forget all you know
And everything you heard
Take my hand don't be scared
Just believe in everything you dream

Yo let me tell you 'bout the place i know
Where all the hunny flows
And the streets are paved with gold
Where halos and mountain wings
And everybody loves to do they own thing
I've seen a lot of con see a lot of pros
And this place is worth to go yo
So just imagine your favorite wish
Into what we call the land of pure bliss

It's pure bliss
You've never been to a place like this
Where water falls and rainbows kiss
So let me take you there
Just when you thought that you've seen it all
Everything is off the wall

Let me take you there
To a never ending story
No more pain it won't hurt
Let it go nobody has to know
Take your time make a wish
And watch it come true
It's your fantasy do what you do
Make all the rules baby

Yo let me tell you bout the place i know
Where all the hunny flows
And the streets are paved w/ gold
With halos and mountain wings
And everybody loves to do they own thing

I've seen a lot of con see a lot of pros
And this place is worth to go yo
So just imagine your favorite wish
Into what we call the land of pure bliss

It's pure bliss
You've never been to a place like this
Where water falls and rainbows kiss
So let me take you there
Just when you thought that you've seen it all
Everything is off the wall

It's pure bliss
You've never been to a place like this
Where water falls and rainbows kiss
So let me take you there
Just when you thought that you've seen it all
Everything is off the wall

C'mon and go with me
I'll lead you to your everlasting destiny
A place where everybody's gonna be
Pure bliss

It's pure bliss
You've never been to a place like this
Where water falls and rainbows kiss
So let me take you there
Just when you thought that you've seen it all
Everything is off the wall

It's pure bliss
You've never been to a place like this
Where water falls and rainbows kiss
So let me take you there
Just when you thought that you've seen it all
Everything is off the wall

Two thousand and one
To the two thousand and triple two
You know how we do
We make your dreams become reality baby
Ha ha
In the world of pure bliss
