My fever is coming on
Believe it, it won't be long
Look at me, I'm too far gone, it's too far in
Can't you see, I can't be seen like this?

Help me I'm dying, help me I'm dying
Guess I'm heading, I'm heading South
I've got solutions, if you're up to trying
I need mouth to mouth, mouth to mouth

I'm fading, this is my time
Forgive me, but would you mind... oh
Take your hand and tell me please, oh, is this broken?
Take my word, I'll gladly take the pain

Help me I'm dying, help me I'm dying
Guess I'm heading, I'm heading South
I've got solutions, if you're up to trying
I need mouth to mouth

I could go today
I'm feeling so faint, I'm feeling so faint
Lay your hands on me
I'm feeling so faint, I could go today
Please help me, help me

Look at me
I'm too far gone, it's too far in
Can't you see I can't be seen like, can't be seen like
this?
Take your hand and tell me please, oh, is this broken?
Take my word, I'll gladly take the pain

Help me I'm dying, help me I'm dying
Guess I'm heading, I'm heading South
I've got solutions, if you're up to trying
I need mouth to mouth to mouth
