Where is deliverance?
Will you walk with, walk with me?
Where is forgiveness?
The lash is tired and it seems to see
Give me deliverance
From your history topped with lies
Where is your witness?
There is none
Hide your wings and we'll take the sky

You will never feel so alive
As you will the day that you see
The sacred ways that are playing
To bring a new faith

Smile tonight
In the sacred light
And you will look like a new god
Smile tonight
For you have arrived
Arrived to bring the heavens down

Who is the savior?
You can walk this
Golden Sea
For just this moment
Close your eyes and die with me
Who needs forgiveness
When we all speak fluent lies?
Here is deliverance
You're in it
Lose yourself and we'll take the sky

You will never feel so alive
As you will the day that you see
The sacred ways that are playing
To bring a new faith

Smile tonight
In the sacred light
And you will look like a new god
Smile tonight
For you have arrived
Arrived to bring the heavens down

wanna hear
(you say)
This is your final confession
I've never felt like this before
(I)
Must admit
(Must say)
I hold your final submission
You never looked so good before
You never looked so good before

Oh
Smile tonight
In the sacred light
And you will look like a new god
Smile tonight for you have arrived
Have arrived
Yeah
Smile tonight
In the sacred light
And you will look like a new god
Smile tonight
For you have arrived
Arrived to bring the heavens
Arrived to bring the heavens
Down.
