Lyrics: Swano, Axelsson

You true believer. Die man deciever, for your
prophecies.
A fatal release. The temple of the holy.
We will blaspheme. There are no blessings, only a
dream.
Christianity = Insanity.
Just another sect. None shall resurrect.
If once you have been 'signed' to the creator of
mankind.
You're far beyond control captured soul.
Light the candle. Light the lie. Yet another soul will die.
The blessing that'll never come. Lies to us, truth to
some.
As I see the candles lightning up their 'sanctuaries'.
When we die what happens only obituaries?
When only remains remain, and noone's left to blame.
All words are deiable, go and burn your bible.

A curfew for the damned.
A curfew for the damned.
Realize, realize.
A curfew for the damned.
Real eyes. Realize a curfew for the damned.

God is just a dream, kneeling at the altar of lies.
Illusions of a false paradise.
Deny the crucifixion of a their 'saviour' Jesus Christ.
To the force of heaven, none was sacrificed.
Their masses are all erratic ruled by a sick fanatic,
Possessed by demons.
Scch! I hear cries of a human sacrifice,
And when will it end? A curfew for the damned.
