I feel estranged I don't know why ohh my  
I can see I'm stuck like this forever  
I've tried to be myself ohh no  
I can feel I'm going to hell  
I can see around the world you take  
Take a week to know I'm here at all  
I lied about myself failure  
My spirits gone I don't know where

I can see take a picture of this  
Tell me what you wanna see now  
I'll move on you

It's all for nothing it's all for naught again  
Never good enough I'll just give myself away  
It's better now if my heart pretends  
Never good enough I'll just give myself away

We try to live and get ahead ohh my  
Jealous world we all pretend we're better  
I see with one eye closed ohh no  
I could dream and never wake  
Shadows dance around the world you take  
Go embrace the brand new cause for all  
I live in hope my dear you take my  
Hand of doom we're holding on

I can see take a picture of this  
We'll show them what they wanna see now  
I'll move on you

It's all for nothing it's all for naut again  
Never good enough I'll just give myself away  
It's better now if my heart pretends  
Never good enough I'll just give myself away  
I know that if you could see me now  
You'd wanna say I hate this world we live

It's all for Nothing It's all for naught again  
Never good enough I'll just give myself away  
It's all for nothing the awful nothing  
It's all for nothing the awful nothing

It's all for nothing the awful nothing  
I'll just give myself away
