Lyrics: Swano

(03:41)

Gazing at the sky colred with a gelam yet unseen.
Birds no longer fly.
It's not a dream this blinding beam.

(03:42)

Panic, someone realized.
Everything is iced the manic depression of the
centuries.
The world is soon devastated
With ease.

(03:43)

The temperature decreases.
Watch the frozen sean, as my pulse go down.
The king has lost it's crown.

(03:44)

Cold sun, will never shine

(03:45)

Freezing clouds, ready to fall.
Killing us all.
Time after time I hear prophets that yell,
We've got life for sale.
Children (now) mentally deformed.
Remember the sun and how it warmed.
A natural system is wasted.
Earth saw no grace, dead.

(03:46)

Everything is captured in capsules of ice.
Still I wonder will they all awake in paradise?
Eyes of ice cannot see frozen souls unable too flee.

(03:47)

The maze of my existence, there's no resistance.
Finally I leave this shell, rotting soul, I can feel the

smell...
Of hell. Terminal end. My final peace, I descend.
Everything is left to infest, but even the maggots will
rest.
Cold sun.
