Lyrics: Axelsson, Nerberg

Bleeding tears, crying blood a human (being)  
emotionally odd,  
Hear the sight, feel the sound, spirits call from all  
around,  
As I wander closer to what I'll never be a distant light  
Approaches to prove (my) insanity, the shadow pointed  
it's finger,  
Lies caresses my face it tells me it's the bringer of what  
shall,  
What shall end the phase.

Everlasting, unapproachable, neverending,  
The immortal one always casting shadows on the  
ground.  
A blackened heart that won't stop to pound.  
Everlasting, everlasting pane.  
Reach the point of of no return as our planet slowly  
burns.  
Cracking ground's watchinme as I walk through river  
hades,  
And soon my heart is frozen it'll never stop to beat,  
Nothing in this dimension can bring me my defeat,  
The secrets in your arteries will forever remain unsaid,  
Our sun is slowly dying, never, never to burn red.

You were meant to be another one, time has come,  
Frozeearth, the stillness, the world will come and go
