

Edge Of Earth "Without You"

Visit "[Without You](#)" on MotoLyrics.com

I will be better now.. I finally found the one love
Loneliness had me down.. hear this whisper in my mind
sometimes
Where do you go from here.. I don't know what to tell
you
I wish I could have you here.. just a moment I'd see
you smile

Cause even though I'm... I'm not with you
You hold onto this
I can see your eyes.. don't be sorry
You should know that you're not to blame for this
Where do we go.. you just got.. you gotta believe
Hear me whisper ohhh ohh ohh when you close your
eyes...

Your flying so high again.. our time as one was stolen
Rekindle the flame within.. ohh the high way oh the
stars they shine
All I'd lost I've found.. I don't know what to tell you
I just wish I could have you here..just a moment I'd
see you smile

Cause even though I'm... I'm not with you
You hold onto this
I can see your eyes.. don't be sorry
You should know that you're not to blame for this
Where do we go.. you just got.. you gotta believe
Hear me whisper ohhh ohh ohh when you close your
eyes...

Cause the higher road awaits..
Look into my eyes make no mistake
When you have dreams I'm with you
I don't know what I've found
We could make this fate say it out loud
I don't wanna be without you

She will be better now.. she finally found her one love
Loneliness had her down.. hear this whisper in your
mind sometimes
Where do you go from here.. I don't know what to tell

you
I wish I could re-appear just a moment IÂ'd say
goodbye

Cause even though IÂ'mÂ... IÂ'm not with you
You hold onto this
I can see your eyes.. donÂ't be sorry
You should know that youÂ're not to blame for this
Where do we go.. you just got.. you gotta believe
Hear me whisper ohhh ohh ohh when you close your
eyesÂ...

Cause the higher road awaits..
Look into my eyes make no mistake
When you have dreams IÂ'm with you
I donÂ't know what IÂ've found
We could make this fate say it out loud
I donÂ't wanna be without you

So hold onÂ... all said ohh ohh ohh
Love me I said oohh ohh ohh yeah heh yeah
