Intro: A hymn to the nightly  
(Preserve, preserve) Preserve me from  
the rays of dawn. I only feast at night. My  
sharp claws taste the flesh. I am the  
angel of the twilight. With deadly charm  
and sweet caresses I touch the virgin  
skin. As my soul becomes one with yours,  
your pain is my gain. Come with me. Beco-  
me eternity, as you die! Join & die to re-  
arise, re-arise, I am of nocturnal nature.  
I cannot stand the sun. I am an abominati-  
on, blood's my kinda fun. As the darkness

sweeps my castle, and cast shadows on  
the northern light. Now my sleep is over.  
I spread my wings across the night,  
human but still a creature I trust for  
human blood, now begins my ritual I  
swallow your fucking soul! Come with  
me, become eternity, as you fucking die.  
Join'n'die to re-arise, re-arise...
