Smell the taste and feel the sky
controlled by lust you can't defy.

Beyond these skies, lies the world
that we once knew and passed all through.
A dying world, filled with hate
a world that we all devastate.

There...
On the other side, there are laws which they do not
follow
Here...
On the other side, I am the only God I know.

Now your time has come to die, now it's time to say
goodbye.
Life ends... Blown into oblivion.
Seek the light and pass away, show your soul another
day.

Here exists no hatred, here exists no love,
here exists no prayers, to some God above!

My last word will be short. Heading for my mind's
resort.
The final sound a smell to see. Pieces of what's eant to
be.

Here... On the other side, I am the one I am the godly
There... On the other side, a world is drowned in
flames.

Now your time has come to die, and there is no reason
why!
Vacant graves. Now refilled, nothing left of what we
built.
You can't live forever, but can you be dead forever?

No!!! The salvation to our planet was to blow it all away.
I saw the people pray, so this is the beginning.
(From) the beginning to the end, now there's no world
to defend.

Seek the light and pass away, show your soul another
day.
