God, what I would give just to take the light away of  
that one day  
Reel it back again and just give me one more chance at  
that one day  
How many times does it take to get it right?  
How many times does it take to get it right?

Always thinking of yesterdays  
Always making the same mistakes  
And say what I want to say  
I can never get it right

Just to let it slip away I feel the pain again of this one  
thing  
It's taking over sleep and it's all I have in me is this one  
thing  
How many times does it take to get it right?  
How many times does it take to get it right?

Always thinking of yesterdays  
Always making the same mistakes  
And say what I want to say  
Maybe I can get it right  
RIGHT NOW  
Maybe I can get it right  
RIGHT NOW  
Maybe I can get it right this time and release me

How many times does it take to get it right?  
How many times does it take to get it right?

Always thinking of yesterdays  
Always making the same mistakes  
And someday maybe I'll make the change  
And say what I want to say  
Now it's time to get it right  
Now it's time to get it right  
NOW IT'S TIME TO GET IT RIGHT
