Too much time to get lost in the maze
Tell me, isn't that strange
You bleed to get there - you were ready
To be a bird in a golden cage

Sweat is breaking on my brow
Where's the freak to ease my pain
Room is dark and big and empty
Silence driving me insane

Night has fallen - demons laughing
I'm waiting for the light of day
Here's the land of milk and honey
There you got the price to pay

Searching for shelter
Riding the pendulum to paradise
As I'm reaching higher - what a pure desire
I'm swinging back towards the edge

And I drift away - killing sacrifice
Here I go insane
What a price to pay - little sacrifice
I set off to Heaven and found bedlam

There's a part of me that has not been sold
Save me please embrace me hold me
Kiss my bleeding soul
You can't see below the creature
That's pounding, sitting in my neck
If you'd see inside my head
You surely wouldn't turn your back on me

I'm looking for shelter
Riding the pendulum to paradise
As I'm reaching higher - what a pure desire
I'm swinging back towards the abyss

And I drift away - killing sacrifice
Here I go insane
What a price to pay - little sacrifice

I set off to Heaven and found bedlam

Nothing remains the same

But still I hear those voices

Nothing remains the same

Where am I gonna go is it my destination

Or just a sick temptation

And I remember home when demons came

And I got swept away from me
